

BABY

Sign (Auslan) Course

This 6 week baby sign course

is designed to improve communication between parents and children, by providing an alternative communication method for children who are preverbal or nonverbal. Open to children of all abilities aged 0 – 3.

Small classes offered in a relaxed setting, focused on gaining a basic understanding of Australian Sign Language (Auslan), using everyday objects & terms familiar to your child.

Hosted by **Mim Morgan** in **Castlemaine** and **Michelle Mortimer** in **Bendigo**, both are qualified Auslan Interpreters, with lots of experience teaching small community groups and children.

In teaching these classes we aim to spread awareness of deafness and use of Auslan as a language in rural areas.

PH: 0428383499

"After having a baby and using Auslan to communicate with her... It has opened up a whole new world of comprehension, awareness, reduced levels of frustration, and development of fine motor skills."

Mim Morgan
