

MBS-billed Specialist Outpatient Clinics at Bendigo Hospital

The clinics below are MBS-billed services. Bendigo Health on behalf of the specialists' will bulk bill the cost of the consultation through Medicare. There is no out of pocket expense to patients. **MBS-billed services require a current referral to a nominated specialist as below.** Please note your patient may at times be seen by another specialist of the same discipline with equal qualifications in order to expedite their treatment.

MBS-billing for some outpatient services is in line with the Department of Human Services recommendations, and assists in addressing the costs associated with the growing demand for health services.

For further information regarding MBS-billed specialist clinics please see Specialist Clinics in Victorian Public Hospitals - a resource kit for MBS-billed services
