Bendigo Health

With more than 4,500 staff and volunteers and covering an area a quarter of the size of Victoria, Bendigo Health, is an expanding regional health service offering the advantages of city life combined with the beauty and freedom that comes from living in a regional area.

Bendigo Health is a 700 bed service that treats more than 45,000 inpatients, triages more than 65,000 emergency attendees and welcomes more than 1,900 new born babies in a year. In addition more than 15,000 operations are performed in our operating theatres and more than 100,000 occasions of services are provided in our clinics to outpatients.

The organisation provides services in emergency, maternity, women's health, medical imaging, pathology, rehabilitation, community services, residential aged care, psychiatric care, community dental, hospice/palliative care, cardiology, cancer services and renal dialysis to the people of the Loddon Mallee region.

With our main campus based in Bendigo, our services extend throughout the Loddon Mallee with sites in areas such as Mildura, Echuca, Swan Hill, Kyneton and Castlemaine.

Demand on services is increasing rapidly with Bendigo being one of Victoria's fastest growing regional cities.

Our Vision

Excellent Care. Every Person. Every Time.

Our Values

CARING – We care for our community

PASSIONATE – We are passionate about doing our best

TRUSTWORTHY - We are open, honest and respectful

All staff at Bendigo Health should have, or aspire to the personal qualities, knowledge and skills as described in the Bendigo Health Staff Capabilities Statement. Refer to link at top of page.

Clinical Operations

The Clinical Operations Division encompasses acute and mental health services. We provide a wide range of general medical, surgical and specialty services including; Oncology, Cardiology, Renal, Emergency, Women's and Children's, Critical Care, Specialist Clinics and Mental Health Services.

Within a state-of-the-art hospital, the team provides high-quality services using the latest technologies. Our eleven operating theatres (including two endoscopy rooms), critical care, emergency and women's wards all have access to critical services lifts that link to the helipad allowing rapid transfer of patients both in and out of the health service.

The Mental Health Service provides psychiatric care and treatment across a large catchment area in Victoria stretching from Swan Hill in the north of the state to Gisborne in the south. Family sensitive practice is central to our models of mental health care and best practice ensures the identification, inclusion and support of families, carers and children.

Women's Ward and Birthing Suite

The team is part of Bendigo Health's Women and Children's Services.

The Women's Ward and Birthing Suite are located on Level 3 of the new Bendigo Hospital. The team provides care to women and children from across the Loddon Mallee region and support approximately 1900 births per year. The unit has 6 birthing suites and 18 antenatal/postnatal beds. Midwives and the medical team collaborate during the patients stay to ensure they are provided with evidence based care and strive for Bendigo Health values. Our patients are supported by an on-call Obstetrician and Gynaecologist, Paediatric and an Anaesthetic service.

Postgraduate Student of Midwifery program

The Postgraduate Student of Midwifery program is a 54 week contract, consisting of 64 hours paid per fortnight. Students will primarily work in the Women's Ward (antenatal & postnatal) within established staff ratios. A portion of shifts will rotate through the Birthing Suite, Women's Clinics and with the Lactation Consultants, in a supernumerary capacity. Neonatal care is accessed with a Special Care Nursery rotation, along with allocated study days to support university blocks and core midwifery education. Throughout the program, participants receive support, guidance, evaluation, and feedback from the midwifery education team and wider midwifery group. Bendigo Health offers a hands-on experience with both high and low-risk pregnancies, providing a valuable opportunity for postgraduate students to further their career in the Midwifery sector upon completion of the program.

Responsibilities and Accountabilities

Key Responsibilities

- Provide safe, quality midwifery care in line with the Registered Nurse/ Registered Midwife standards for practice (Nursing and Midwifery Board of Australia), policies, protocols, guidelines and legislation
- To develop and maintain professional midwifery standards and practice
- Assist in the assessment, planning, delivery and evaluation of a safe and high standard of midwifery care in consultation with the healthcare team for all patients, clients, consumers and their carers/families
- Engage in effective communication so as to include the woman, family and healthcare team in the immediate and ongoing health care.
- Ensure all patients, clients, consumers, families, visitors and other staff are treated with respect, dignity and courtesy
- Ensure accurate documentation of patient records
- Assess the need for and provide health education for patients and their families within the scope of practice for the beginning practitioner
- Work within scope of practice, accepting accountability for own actions and seeking guidance from those more experienced when limited by own level of expertise
- Refer relevant, significant and important issues to educators/preceptors, clinical support midwives, senior staff or appropriate health care team members in a timely manner
- Act as a positive professional role model for midwifery at Bendigo Health
- Actively participate in and satisfactorily complete all specific requirements of the relevant Post Graduate Program and identify continual learning needs through reflective practice
- Identify own learning needs and actively participate in reflection and self-review of own performance development with the midwifery educator/ clinical support midwives and midwifery managers identifying key areas for professional and personal growth.
- Employees are required to carry out lawful directions outlined above or delegated to them. The work to be performed is set out in this position description and, where relevant, any professional standards and codes of conduct and ethics issued by the relevant professional association.

Generic Responsibilities

Code of Conduct - The Victorian Government's Code of Conduct is binding on all Bendigo Health staff. Contravention of a provision in the code may constitute misconduct and/ or regarded as a breach of the employee's employment agreement and will be dealt with under the organisations Counselling and Disciplinary Action Policy.

Compliance with policies and procedures - All Bendigo Health's policies and procedures are set out in its clinical and managerial policy manuals located on the intranet under PROMPT and in hard copy. All staff must ensure they comply with policies, procedures and standard ways of work practices when carrying out their work. Any breach in compliance may result in disciplinary action.

Occupational Health and Safety - Every staff member has the responsibility to take reasonable care of their own health and safety and the safety of others, to cooperate with Bendigo Health's OH&S policies and to participate in appropriate safety education and evaluation activities. All staff are expected to participate in reporting any health, safety and wellbeing issues. Any breach in compliance may result in disciplinary action.

Infection Control - Every staff member has the responsibility to minimise incidents of infection/ cross

infection of residents, staff, visitors and the general public. All staff must adhere to the policies and procedures as set out in Bendigo Health's infection control manuals. Any breach in compliance may result in disciplinary action.

Confidentiality - All information concerning Bendigo Health, its patients, clients, residents and staff should remain strictly confidential. Any unauthorised disclosure of such information may result in disciplinary action.

Quality Improvement - Bendigo Health is dedicated to improving the quality and safety of health services by providing care within the following domains of quality: Consumer Participation, Clinical Effectiveness, Effective Workforce and Risk Management. As a result, we apply the concept of the quality cycle for all our quality activities, initiatives and projects thereby ensuring the best possible care and treatment results are achieved. The underlying principle of the cycle is that an activity is not complete until evaluation shows that it has been effective and reached the desired outcome. As a Bendigo Health employee you have a responsibility to participate in and commit to ongoing quality improvement activities using the framework of the NSQHSS (National Safety and Quality Health Service Standards).

Diversity – Each person has a right to high-quality health care and opportunities regardless of diversity factors, which might include aspects such as cultural, ethnic, linguistic, religious background, gender, sexual orientation, age and socio-economic status. Every staff member has a responsibility to recognise and respect diversity. Inclusiveness improves our service to our community and promotes engagement amongst staff.

Employees are required to carry out lawful directions outlined above or delegated to them. The work to be performed is set out in this position description and, where relevant, any professional standards and codes of conduct and ethics issued by the relevant professional association.

Key Selection Criteria

Essential

1. Registered with the Nursing and Midwifery Board of Australia (Australian Health Professionals Regulation Agency) as a Registered Nurse.
2. Demonstrated knowledge of the Nursing and Midwifery Board of Australia, Standards for practice (nurses & midwives), Code of Ethics (nurses & midwives), Code of conduct (nurses & midwives).
