

Healthcare options in Bendigo

In times of high demand where waiting times in the ED are long, patients may choose to seek consultations / health advice from alternative providers.

SERVICE

TYPE OF SERVICE AND COST

HOURS & CONTACT

Provides phone or video consultation with Australian qualified paediatric emergency medicine specialist doctors. No referral needed.

For newborns up to 15 year olds.

“We’ll grab a few basic details, then text you a link to a secure consult with one of our doctors, where you can chat, share photos and jump onto a call via voice or video.”

From there, it’s like visiting a doctor in person. They’ll ask you questions, discuss your concerns, and come up with a plan that works for you. After your consult you can still chat with us, and we’ll check back with you to make sure everything is going OK.

7 days a week
4pm -10pm

For general enquiries call
1800 312 611

Pricing \$179 per evening (\$45-\$75 with a GP referral).

CubCare charge by the evening, rather than for pre-defined appointment slots, so you feel comfortable and supported all evening. This includes as many consults as you like with an expert emergency children’s doctor and any necessary scripts, referrals and pathology requests.

<https://www.cubcare.com.au/>

For newborns up to 17 year olds.

KidsDocOnCall is an on-demand urgent care telehealth service provided by senior children’s specialists, active in emergency and acute care across Australia. The specialists can treat all non-life-threatening injuries and illnesses. No referral needed. Use any device that supports video calls: computer, tablet or smartphone.

Pricing: (subscription fee is per family)

Benefits Include	Subscribers	All Members
Annual Fee	\$350 annually	No subscription
Day Time Consultation Fee	\$80	\$180
Night Time Consultation Fee	\$150	\$250
Consults Within	60 minutes	120 minutes

Medicare rebates are available for all calls between 11pm and 7am, and for children under 12 months of age. Please note Medicare rebates are subject to change and gap payments may still exist.

Consult services also include free follow up consult within 24 hours if medically indicated, specialist referrals, prescriptions sent to your local pharmacy, consultation summaries to you and your GP, x-ray requests and pathology requests.
