Finding your way around the CSC

Finding your way around the CSC

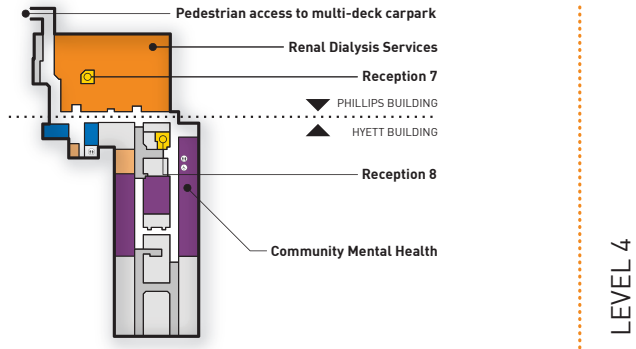

The main public lifts in the CSC are accessed via the Lucan Street entry and Level F in the multi deck carpark. When attending appointments at Stewart Street, it is best to access the campus from the dedicated Stewart Street entrances, although there is a pedestrian pathway on Level 2 that links the Phillips and Hyett buildings. Each entry and department reception use a number sequence for identification. You may see something like this - Stewart Street Entry 2, Reception 3. This means enter at Stewart Street Entry 2 and approach Reception 3 for your appointment. There are wayfinding boards and directional signage at each entrance of the CSC.
